## December celebrations

Hanukka (Chanukah)  
Laliv's dad, Dudi, visited us in Kensington class to talk about the festival of hanukka which is observed during December.

[Kwanzaa](#) from the Swahili phrase "matunda ya kwanza" meaning 'first fruit' is observed during this time of year

## Celebration assemblies

We have had performances this week by children in Early years, middle and upper school. Festive cheer, smiles and laughter, filling us with happy feelings and well wishes. Whether you celebrate Christmas or not, this time offers a chance for reflection and relaxation. For some this is also a time of loneliness. Spare a thought for those who are less fortunate, check on a neighbour who may live alone and look out for others where you can.

## #ChristmasJumperDay

Save the Children fight for children around the globe every single day.

Together we raised **£151.56** for Save the Children

The governors would like to extend their gratitude to all the parents who shared their thoughts with us during the parents' evening. All of your feedback is valued and was shared with Jo and the rest of the governing body, so that we are better able to serve our learners and highlight our shared successes. Remember not to hesitate to approach Jo concerning specific issues, so that problems can be resolved. On behalf of the governors, we wish you a joyful holiday season and a happy new year.
